## Mito

*Design: Tom Fereday*

The Mito lighting series was designed to celebrate the natural beauty and character of raw materials. Minimal in design, Mito juxtaposes precision manufacturing techniques with natural hand finished timbers and stones to create a truly sculptural light.

Warm, indirect light flows across domed forms carefully crafted from natural materials. Modular in design, the Mito series may be configured at any angle and comes in a variety of pendant, table, wall and floor lamp configurations.

The Mito light. Pure materials, precision made.
